

# PULSECOIN (\$PULSE)

On-Chain Transparency Report · v1.0 · June 2026

## On-Chain Transparency Report

Verifiable token metrics, holder distribution and operational disclosures.

### Token Snapshot

|              |                                            |
|--------------|--------------------------------------------|
| Token        | PulseCoin (PULSE)                          |
| Contract     | 0xd6500d0b6683b03022000429e259dc606c09471b |
| Network      | BNB Smart Chain (BEP-20)                   |
| Max Supply   | 10,000,000,000,000 PULSE                   |
| Decimals     | 8                                          |
| Launch Year  | 2022                                       |
| Verification | Source verified on BscScan                 |
| Report Date  | June 8, 2026                               |

### Allocation Transparency

The published tokenomics defines six allocation categories. All movements between categories are observable on-chain via the contract address ledger.

| Category                 | Allocation | Tokens                  |
|--------------------------|------------|-------------------------|
| Community Growth         | 40%        | 4,000,000,000,000 PULSE |
| Liquidity Development    | 20%        | 2,000,000,000,000 PULSE |
| Renewable Energy Reserve | 15%        | 1,500,000,000,000 PULSE |
| Exchange Listings        | 10%        | 1,000,000,000,000 PULSE |
| Marketing & Partnerships | 10%        | 1,000,000,000,000 PULSE |
| Team & Operations        | 5%         | 500,000,000,000 PULSE   |

## Operational Disclosures

- All transactions are publicly indexed on BscScan and third-party explorers.
- Holder distribution is observable in real time at [bscscan.com/token/<contract>#balances](https://bscscan.com/token/0xd6500d0b6683b03022000429e259dc606c09471b#balances).
- No private allocations exist outside the published tokenomics breakdown.
- Liquidity status will be published with verifiable transaction references in 2026 Q3.
- Quarterly transparency updates are planned starting in 2026 Q4.
